

HOW TO SUBMIT YOUR AT-HOME TEST RESULTS

3 STEPS TO HELP YOU STAY & KEEP OTHER WILDCATS SAFE

1

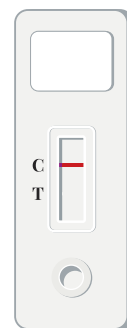

Take your at-home test.

Tests can vary by manufacturer, so carefully follow the instructions.

Once you've completed the test, take a picture of the test strip.

Write your name and the date you took the test on the test strip. If there isn't enough room, write just the date you took the test. Then write your name on a piece of paper and take one photo that contains both the dated test strip and the paper showing your name.

2

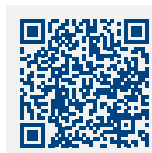

3

Submit your photo to Health Services via the Medicat Portal.

To do this, go to jwu.medicatconnect.com

- > Uploads
- > Select the photo of your test and information
- > 2019 Novel Coronavirus
- > Upload

Contact Health Services if you test positive.
